

### About Us

Envision7, anchored in Atlanta and Indianapolis, is your gateway to a spectrum of specialized solutions in Consulting, Technology, Management Services, and Research & Development. Our prowess extends from strategic consulting to innovative technology services, including custom computer programming, graphic design, and comprehensive computer system design services. At the forefront of our operations is a robust R&D division, leading breakthroughs in healthcare and technological innovation. Envision7 is the intersection of creativity and technology, where visionary ideas are transformed into reality, serving a diverse range of client needs.

### Past Performance

#### Bureau of Vocational Rehabilitation

Envision7 has proudly partnered with the Bureau of Vocational Rehabilitation (VR) Services in Indiana, providing innovative assistive technology solutions. Our efforts have empowered disabled clients across the state to overcome barriers, establish, and operate successful businesses. This collaboration underscores our commitment to creating inclusive technologies that foster entrepreneurial success and independence.

#### Roche Diagnostics & Abbott Laboratories

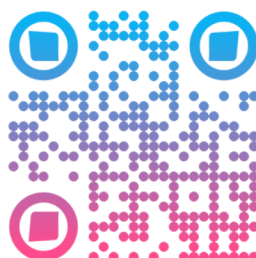

Envision7 has played a crucial role as the Principal Investigator in several clinical trials for Roche Diagnostics, leading groundbreaking research that culminated in vital changes to Troponin assay handling. Our team expertly managed multiple clinical trials for Abbott Laboratories, further showcasing our commitment to medical research and innovation.
